

NERDFITNESS FREE YOGA GUIDE

Welcome to our NerdFitness Yoga series! In the following videos, we'll share with you the Yoga routines that our Rebels have come to love and make it easy to get started improving your flexibility and range of motion.

Getting Started

If you are brand new, to yoga, watch the Getting Started video!

It's fairly short and gives you a great overview of:

- Our philosophy about getting started. How we handle variations and progressions.
- Teaching you how to stand (yes, really).
- Going over various types of lunges we'll use.
- Review of Child's Pose (our "safety" pose).
- Nuances of Downward Dog (super frequent pose).
- Variations of how to sit in our seated poses.
- Why falling over and failing is actually a GOOD thing.
